

**CANDIDATE FOR CITY COUNCIL MEMBER
CITY OF HESPERIA**

NAME: CYNTHIA DARDEN

AGE: 44

OCCUPATION: Real Estate Broker

I am seeking a seat on the Hesperia City Council to effectuate changes in local policies in order to make Hesperia a business friendly city. My goal is to attract meaningful employment to Hesperia so that the estimated 60,000 daily commuters might have the opportunity to work, as well as, live in Hesperia.

Hesperia's population is projected to increase by an estimated 14% next year. The City of Hesperia must be prepared to accommodate this tremendous growth on several fronts. Hesperia must receive its fair share of rising property taxes from the County of San Bernardino to ensure that the infrastructure is on par with the growth. As with any growing city, Hesperia has to turn an eye towards public safety to ensure that it's citizens have adequate, professional law enforcement in place.

These are the issues that I will concern myself with if elected to the Hesperia City Council.
